- **Virtual tours have become an essential expectation for buyers and sellers, with over 50% of adults having taken one and 67% of home buyers wanting to see one when searching for listings.**
- **Listings with virtual tours receive significantly more attention, with 87% more views and potential buyers spending 5-10 times longer on websites featuring virtual tours.**
- **Virtual tours can increase the likelihood of scheduling an in-person showing, with 54% of buyers unwilling to consider a property without one and 48% more interest in homes featuring virtual tours.**

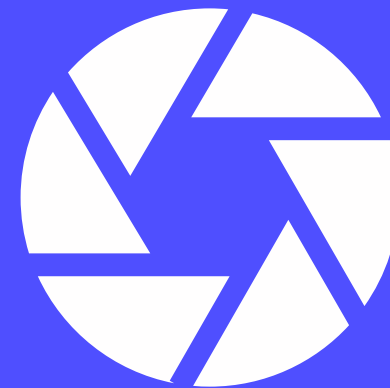

# WHAT IS THE PROCESS?

your new listing**

**Schedule shoot  
with vendor

# HOW WILL YOUR TOUR LOOK?

- All tours can be customised with your branding, including logo and colours
